

# TOP 4

WAYS TO

## MAINTAIN POWDER COATED METAL

[mauipowderworks.com](http://mauipowderworks.com)

### General Clean

use phosphate free  
liquid soap

### Deep Clean

use Simple Green  
or similar product

Powder coating  
powders come in all  
ratings and types like  
TGIC, polyurethanes,  
polyesters & hybrids

### Protect Daily

use WD40 to prohibit  
dirt build up

### Lasting Finish

use your favorite  
automotive sealer

There are many colors  
and styles including  
smooth, textured,  
hammertone, metallic,  
translucent & illusion
